READ THIS! The MD DE DC Elks Association is proud to partner with the US Naval Academy to provide this annual Camporee that includes rustic camping, meals, and program activities. Elks Camp Barrett, however, has a maximum capacity for campers and food service, and we cannot accommodate every Scout and Scouter who attend the game. Camping reservations are "first come, first served," and the deadline for camping reservations is September 30, 2017. Camping reservation requests received after that date **OR** after our capacity has been reached, **whichever comes first, will be returned**. To avoid disappointment, it is strongly recommended that you contact the Scouting Coordinator to confirm availability prior to submitting a reservation request. Game tickets and Academy tours must be arranged directly through the Naval Academy.
